

Baystate Reference Laboratories
 Reflex Testing 2010

TEST CODE	CPT	DESCRIPTION	COMMENT
Chemistry			
BMC 86101847 BFMC 71580963 BMLH 70027222 BFMC 71780969	82550	CREATINE KINASE; TOTAL	If ordered other than CK, Total only, a CKMB will be done whenever the total CK is > 90 IU/L
Transfusion Medicine			
BMC 87103214 BFMC 72601065 BMLH 71032049	86880	DIR ANTIGLOBULIN TEST/EA	If the test is positive with polyspecific antihuman serum then the test is done with monospecific reagents; antibody elution & antibody identification tests are done at additional charge when indicated.
Hematology			
BMC 95004081 BFMC 71586473 BFMC 71786479 BMLH 70025036	85025	CBC W/COMPL AUTO DIFF	If flagging criteria are met, manual diff will be ordered and performed at no additional charge
BMLH 70026042	81003	URINALYSIS AUTO WITHOUT MICRO	If albumin \geq 1 or any positive leukocyte esterase, nitrites or hemoglobin, urine microscopic will be run and 81001 billed
BMLH 70025044	85027	COMPLETE AUTOMATED BLOOD COUNT	If nucleated RBCs are seen, a manual diff will be performed at additional charge
Immunology			
BMC 95905030 BFMC 71506273 BMLH 70005038	86255	ANTISTRATIATED MUSCLE AB, SCREEN	If positive, a titer will be performed at an additional charge
BMC 95905626 BFMC 71586432 BMLH 70005624	86038	ANTINUCLEAR AB	If positive, ANA titer is performed at an additional charge
BMC 95905683 BFMC 71580377 BMLH 70005681	86255	ANTIMITOCHONDRIAL AB EA	If positive AMA titer is performed at additional charge
BMC 95905931 BFMC 71580385 BMLH 70005939	86255	SMOOTH MUSCLE AB SCREEN	If positive, ASMA titer is performed at additional charge
BMC 95906186 BFMC 71587927 BMLH 70006184	86255	PARIETAL CELL AB	If positive, APCA titer is performed at additional charge
BMC 95906194 BFMC 71506190 BMLH 70006192	86255	RETICULIN AB	If positive, a titer will be performed at an additional charge
BMC 95906301 BFMC 71586325 BMLH 70006309	82595	CRYOGLOBULIN	If positive, cryoglobulin identification will be done at an additional charge
BMC 95906509 BFMC 71514426 BMLH 70006507	83520	INTERFERON-BETA IGG, ELISA	If positive, will reflex to Interferon-beta (IFN β) Antibody Neutralizator

Baystate Reference Laboratories
Reflex Testing 2010

TEST CODE	CPT	DESCRIPTION	COMMENT
BMC 95906996 BFMC 71506992 BMLH 70039250	83516	CARDIOLIPIN ANTIBODY SCREEN	Reflexes to cardiolipin IgG, IgA and IgM when positive
BMC 95907069 BFMC 71588909 BMLH 70034905	86255	ANTI-ENDOMYSIAL AB, SCREEN	If positive, a titer will be performed at an additional charge
BMC 95907382 BFMC 71588834 BFMC 7178085 BMLH 70007380	86038	ANA SCREEN FLUID	If positive, ANA titer/fluid will be performed at additional charge
BMC 95907689 BFMC 71515019 BMLH 70007687	84182	MAG IGM AB, WESTERN BLOT	If positive, MAG-SGPG Ab IgM and MAG IgM antibody performed at an additional charge
BMC 95907770 BFMC 71588941 BMLH 70007778	86255	HU ANTIBODY SCREEN	If positive, Western Blot analysis is performed to confirm at an additional charge
BMC 95907788 BFMC 71588958 BMLH 70007786	86255	YO ANTIBODY	If positive, a titer will be performed at an additional charge
Microbiology/Serology			
BMC 99005027 BFMC 71505028 BMLH 70050018	87116	CULTURE AFB	There may be additional charges for identification and susceptibility testing if pathogenic organisms are isolated
BMC 99005092 BFMC 71505093 BFMC 71705099 BMLH 70050075	87040	CULTURE, BACTERIAL, BLOOD	There may be additional charges for identification and susceptibility testing if pathogenic organisms are isolated
BMC 99005126 BFMC 71505127 BFMC 71705123 BMLH 70050109	87040-91	CULTURE,BLOOD,SECOND ORDER	There may be additional charges for identification and susceptibility testing if pathogenic organisms are isolated
BMC 99005175 BFMC 71505176 BFMC 71705172 BMLH 70050125	87102	CULTURE FUNGUS OTHER	There may be additional charges for identification and susceptibility testing if pathogenic organisms are isolated
BMC 99005274 BFMC 71505275 BFMC 71705271 BMLH 70050216	86592	SYPHILIS TEST QUAL RPR	If positive, confirmatory testing will be performed
BMC 99005324 BFMC 71505325 BFMC 71705321 BMLH 70050265	86803	HEPATITIS C ANTIBODY	If positive, confirmatory testing will be performed at additional charge
BMC 99005449	87070	CULTURE THROAT GROUP A STR	There may be additional charges for identification and susceptibility testing if pathogenic organisms are isolated

Baystate Reference Laboratories
Reflex Testing 2010

TEST CODE	CPT	DESCRIPTION	COMMENT
BFMC 71705446 BFMC 71505440 BMLH 70050323			
BMC 99005456 BFMC 71505457 BFMC 71705453 BMLH 70050331	87081	CULTURE GROUP B STREP	There may be additional charges for identification and susceptibility testing if pathogenic organisms are isolated
BMC 99005563 BFMC 71505564 BMLH 70050414	87252	VIRUS TISSUE CULT HERPES	If positive, confirmatory testing will be performed at additional charge
BMC 99005589 BFMC 71505580 BFMC 71705586 BMLH 70050430	86703	HIV1 HIV 2 AB SINGLE ASSAY	If positive, confirmatory testing will be performed at additional charge
BMC 99005613 BFMC 71505614 BMLH 70050448	87420	RESP.SYNCITIAL VIRUS AG	Confirmatory virus culture performed at additional charge
BMC 99005696 BFMC 71505697 BFMC 71705693 BMLH 70050513	86618	LYME DISEASE ANTIBODY	If positive, confirmatory testing will be performed at additional charge
BMC 99005712 BFMC 71505713 BFMC 71705719 BMLH 70050539	87081	CULTURE SCREEN FOR GC	There may be additional charges for identification and susceptibility testing if Neisseria gonorrhoeae organism is isolated
BMC 99005761 BFMC 71505762 BFMC 71705768 BMLH 70050570	87340	HEPATITIS B SURFACE AG EIA	If positive, confirmatory testing will be performed at additional charge
BMC 99005837 BFMC 71505838 BFMC 71705834 BMLH 70050646	87075	CULTURE BACTERIAL ANAEROB	If positive, confirmatory testing will be performed at additional charge
BMC 99005860 BFMC 71505861 BFMC 71705867 BMLH 70050653	87086	CULT URINE QUANT COL.COUNT	There may be additional charges for identification and susceptibility testing if pathogenic organisms are isolated
BMC 99005993 BFMC 71505994 BMLH 70050745	87070	CULTURE BACTERIAL CATH TIP	There may be additional charges for identification and susceptibility testing if pathogenic organisms are isolated
BMC 99008849 BFMC 71508840 BMLH 70050919	87430	STREPTOCOCCUS A AG EIA	If negative, throat culture will be performed at additional charge
BMC 99010118	87116	CULTURE, AFB, BLOOD	There may be additional charges for identification and susceptibility testing if pathogenic organisms are isolated
