

MassCARE Program

MassCARE is a statewide program providing care and resource enhancement for families, women, children and adolescents living with HIV in Massachusetts. MassCARE clinics consist of staff from major medical centers and community clinics to promote family involvement in their HIV/AIDS care and in state and national HIV/AIDS policy development.

MassCARE is a program of the Massachusetts Department of Public Health, Bureau of Family and Community Health, Division of Children with Special Health Care Needs and is supported in part by MCH-PO1060-01-0 of the Maternal and Child Health Bureau, Health Resources Administration, U.S. Department of Health and Human Services.
