

# Heart & Vascular Health

## LECTURE SERIES 2012

This series, sponsored by the Baystate Heart and Vascular Program, is a popular annual series of seminars featuring our physicians, surgeons, and medical staff.

**Sunday, February 5**

### **Cardiac Testing and Imaging**

**STEVEN B. WEINSIER, MD**

*Interventional Cardiologist, BMP-Northampton Cardiology*

Join us for a discussion about tests and procedures available to help determine if a person has cardiovascular disease, the type of disease, its severity, and the most effective treatment methods.

**Sunday, February 12**

### **Preventing Sudden Cardiac Death**

**MATHIAS L. STOENESCU, MD**

*Cardiac Electrophysiologist, Baystate Cardiology*

Join us for a discussion about preventing sudden cardiac death in a person with known or unknown cardiac disease.

**Sunday, February 19**

### **The Latest Advances in the Treatment of Acute Heart Attack**

**J. MARK PETERMAN, MD, FSCAI, FACC**

*Director, Baystate Regional Heart Attack Program, Baystate Cardiology  
Assistant Clinical Professor of Medicine, Tufts University School of Medicine*

What is the latest in treatment and technology in interventional cardiology? Learn about the latest evidence on heart attack care.

**Sunday, February 26**

### **Cardiac Surgery Today**

**JOHN ROUSOU, MD**

*Cardiac Surgical Associates of Western Massachusetts,  
Chief of Cardiac Surgery, Baystate Medical Center,  
Board Certified in Surgery and Cardiothoracic Surgery  
Assistant Professor of Surgery, Tufts University School of Medicine*

Join us for an in-depth discussion about the wide spectrum of cardiac surgical operations for adult-acquired and congenital cardiac diseases including coronary artery bypass grafting and heart valve surgery.

All seminars are held at the Baystate Health Education Center,  
361 Whitney Avenue, Holyoke, 1-3:30 p.m.

Heart healthy refreshments will be served and  
handouts provided. Registration is required.

To register, please call 1-800-377-4325.
