

## MULTI-MASK CPAP PILLOW

Improves comfort and CPAP use with all styles and brands of masks.

### Features of the CPAP Pillow

- Patented hollow areas alleviate mask pressure, improve comfort and help prevent mask leaks
- Dual cutout design accommodates the mask, allowing comfortable left or right side sleeping without compromising CPAP compliance
- Contoured shape supports your head and neck and aligns your spine the way nature intended
- High quality medical grade foam is cushiony, yet holds its shape to prevent edge collapse, maintaining the hollowed-out mask area
- Overall design helps CPAP users attain a comfortable, restorative rest, night after night
- Made of high quality materials to sustain years of use

### Improves:

- CPAP ease of use
- Sleep comfort
- CPAP compliance
- Neck support and spine alignment
- Airway alignment

### Reduces:

- Mask leaks
- Pressure on mask and face
- Mask discomfort
