

Baystate Reference Laboratories has
Improved Turnaround Times for
HIV Antibody Testing
Effective September 1st

Routine HIV Antibody Testing will be performed on our new analyzer improving turnaround times from days to hours.

Reminder for specimen collection:

- The only specimen acceptable is a **Red Top tube**
- A **BRL** HIV consent form is required
- This testing will be performed Monday - Friday, 7:00 am to 2:00 pm

Thank you for your support and please contact Client Services at 322-4000 with any questions.
