

## REFLEX TESTING

TEST CODE	CPT	DESCRIPTION	COMMENT
<b>Chemistry</b>			
BMC 86101847	82550	CREATINE KINASE; TOTAL	If ordered other than CK, Total only, a CKMB will be done whenever the total CK is > 90 IU/L
BFMC 71580963			
BMLH 70027222			
<b>Transfusion Medicine</b>			
BMC 87103214	86880	DIR ANTIGLOBULIN TEST/EA	If the test is positive with polyspecific antihuman serum then the test is done with monospecific reagents; antibody elution & antibody identification tests are done at additional charge when indicated.
BFMC 72601065			
BMLH 71032049			
<b>Hematology</b>			
BFMC 71586473	85025	CBC W/COMPL AUTO DIFF	If flagging criteria are met, manual diff will be ordered and performed at no additional charge
BFMC 71786479			
BMLH 70025036			
BMLH 70026042	81003	URINALYSIS AUTO WITHOUT MICRO	If albumin $\geq$ 1 or any positive leukocyte esterase, nitrites or hemoglobin, urine microscopic will be run and 81001 billed
BMLH 70025044	475027	COMPLETE AUTOMATED BLOOD COUNT	If nucleated RBCs are seen, a manual diff will be performed at additional charge
<b>Immunology</b>			
BMC 95905626	86038	ANTINUCLEAR AB	If positive, ANA titer is performed at an additional charge
BFMC 71586432			
BMLH 70005624			
BMC 95905683	86255	ANTIMITOCHONDRIAL AB EA	If positive AMA titer is performed at additional charge
BFMC 71580377			
BMLH 70005681			
BMC 95905931	86255	SMOOTH MUSCLE AB SCREEN	If positive, ASMA titer is performed at additional charge
BFMC 71580385			
BMLH 70005939			
BMC 95906186	86255	PARIETAL CELL AB	If positive, APCA titer is performed at additional charge
BFMC 71587927			
BMLH 70006184			
BMC 95906996	83516	CARDIOLIPIN ANTIBODY SCREEN	Reflexes to cardiolipin IgG, IgA and IgM when positive
BFMC 71506992			
BMLH 70039250			
BMC 95907382	86038	ANA SCREEN FLUID	If positive, ANA titer/fluid will be performed at additional charge
BFMC 71588834			
BFMC 71786438			
BMLH 70007380			
BMC 95907408	86430	RHEUMATOID FACTOR FLUID	If positive, RF quant,fluid, will be performed at additional charge
BFMC 71585079			
BMLH 70007406			
<b>Microbiology/Serology</b>			
BMC 99005027	87116	CULTURE AFB	There may be additional charges for identification and susceptibility testing if pathogenic organisms are isolated
BFMC 71505028			
BMLH 70050018			

## REFLEX TESTING

TEST CODE	CPT	DESCRIPTION	COMMENT
BMC 99005126 BFMC 71505127 BFMC 71705123 BMLH 70050109	86740-91	CULTURE,BLOOD,SECOND ORDER	There may be additional charges for identification and susceptibility testing if pathogenic organisms are isolated
BMC 99005092 BFMC 71505093 BFMC 71705099 BMLH 70050075	87040	CULTURE, BACTERIAL, BLOOD	There may be additional charges for identification and susceptibility testing if pathogenic organisms are isolated
BMC 99005175 BFMC 71505176 BFMC 71705172 BMLH 70050125	87102	CULTURE FUNGUS OTHER	There may be additional charges for identification and susceptibility testing if pathogenic organisms are isolated
BMC 99005274 BFMC 71505275 BFMC 71705271 BMLH 70050216	86592	SYPHILIS TEST QUAL RPR	If positive, confirmatory testing will be performed
BMC 99005613 BFMC 71505614 BMLH 70050448	87420	RESP.SYNCITIAL VIRUS AG	Confirmatory virus culture performed at additional charge
BMC 99005324 BFMC 71505325 BFMC 71705321 BMLH 70050265	86803	HEPATITIS C ANTIBODY	If positive, confirmatory testing will be performed at additional charge
BMC 99005456 BFMC 71505457 BFMC 71705453 BMLH 70050331	87081	CULTURE GROUP B STREP	There may be additional charges for identification and susceptibility testing if pathogenic organisms are isolated
BMC 99005563 BFMC 71505564 BMLH 70050414	87252	VIRUS TISSUE CULT HERPES	If positive, confirmatory testing will be performed at additional charge
BMC 99005589 BFMC 71505580 BFMC 71705586 BMLH 70050430	86703	HIV1 HIV 2 AB SINGLE ASSAY	If positive, confirmatory testing will be performed at additional charge
BMC 99005696 BFMC 71505697 BFMC 71705693 BMLH 70050513	86618	LYME DISEASE ANTIBODY	If positive, confirmatory testing will be performed at additional charge
BMC 99005712 BFMC 71505713 BFMC 71705719 BMLH 70050539	87081	CULTURE SCREEN FOR GC	There may be additional charges for identification and susceptibility testing if Neisseria gonorrhoeae organism is isolated

## REFLEX TESTING

TEST CODE	CPT	DESCRIPTION	COMMENT
BMC 99005761	87340	HEPATITIS B SURFACE AG EIA	If positive, confirmatory testing will be performed at additional charge
BFMC 71505762			
BFMC 71705768			
BMLH 70050570			
BMC 99005837	87075	CULTURE BACTERIAL ANAEROB	If positive, confirmatory testing will be performed at additional charge
BFMC 71505838			
BFMC 71705834			
BMLH 70050646			
BMC 99005860	87086	CULT URINE QUANT COL.COUNT	There may be additional charges for identification and susceptibility testing if pathogenic organisms are isolated
BFMC 71505861			
BFMC 71705867			
BMLH 70050653			
BMC 99008849	87430	STREPTOCOCCUS A AG EIA	If negative, throat culture will be performed at additional charge
BFMC 71508840			
BMLH 70050919			
BMC 99010118	87116	CULTURE, AFB, BLOOD	There may be additional charges for identification and susceptibility testing if pathogenic organisms are isolated
BFMC 71510119			
BFMC 71510115			
BMLH 70051131			
BMC 99010126	87071	CULTURE BACT OTHER BURN WD	There may be additional charges for identification and susceptibility testing if pathogenic organisms are isolated
BFMC 71510127			
BMLH 70051149			
BMC 99010142	87070	CULTURE BACTERIAL CSF	There may be additional charges for identification and susceptibility testing if pathogenic organisms are isolated
BFMC 71510143			
BMLH 70051164			
BMC 99010159	87070	CULTURE BACTERIAL DEEP WND	There may be additional charges for identification and susceptibility testing if pathogenic organisms are isolated
BFMC 71510150			
BFMC 71710156			
BMLH 70051172			
BMC 99010167	87070	CULTURE BACTERIAL EAR	There may be additional charges for identification and susceptibility testing if pathogenic organisms are isolated
BFMC 71510168			
BFMC 71710164			
BMLH 70051180			
BMC 99010175	87070	CULTURE BACTERIAL EYE	There may be additional charges for identification and susceptibility testing if pathogenic organisms are isolated
BFMC 71510176			
BFMC 71710172			
BMLH 70051198			
BMC 99010183	87103	CULTURE FUNGUS BLOOD	There may be additional charges for identification and susceptibility testing if pathogenic organisms are isolated
BFMC 71510184			
BFMC 71710180			
BMLH 70051206			

## REFLEX TESTING

TEST CODE	CPT	DESCRIPTION	COMMENT
BMC 99010191 BFMC 71510192 BFMC 71510198 BMLH 70051214	87070	CULTURE BACTERIAL LOW RESP	There may be additional charges for identification and susceptibility testing if pathogenic organisms are isolated
BMC 99010233 BFMC 71510234 BMLH 70051255	87070	CULTURE BACTERIAL PLACENTA	There may be additional charges for identification and susceptibility testing if pathogenic organisms are isolated
BMC 99010241 BFMC 71510242 BMLH 70051263	87070	CULTURE BACTERIAL SM BOWEL	There may be additional charges for identification and susceptibility testing if pathogenic organisms are isolated
BMC 99010258 BFMC 71510259 BFMC 71710255 BMLH 70051271	87070	CULTURE BACTERIAL SPUTUM	There may be additional charges for identification and susceptibility testing if pathogenic organisms are isolated
